Company Profile

Our company is based at Bhavnagar (Gujarat), India and are reputed manufacturer and importers of hard and soft waxes and are in this business since 1969. We have comparatively more than 35 years long history of manufacturing petroleum products like Paraffin Wax, Slack Wax, Hydrocarbon Wax, Micro Wax, Screen Printing Wax, Table Wax, Pure Petroleum Jelly, Cable Jelly, PE Wax, etc. With our range of products, we can meet the end to end requirements of the clients in the best possible manner.

Products Applications

Paraffin Wax

Used in candle industry, Industrial Waxes, Polishes, Cosmetics, Electrical Insulators, Adhesive and Polymers, Plasticizer, Stabilizers and Master Batch.

Slack Wax

Used in Cosmetic, Rubber and Match Industry.

PE Wax

Is white in color and in the form of Powdery Flakes. It is used as matting and dispersing agent in Plastic Industry, Paint and Coating Industry, Plasticizer, Stabilizers and Master Batch etc. The PE Wax is a perfect lubricant which is Water Repellent, Scratch and Abrasion Resistant.

Micro Wax

Used in different applications such as additives for Adhesives, Laminating, Cosmetics, Fiber Luster etc.

Vegetable Wax

Used to make Soaps, Balms, Lotions, Candles, Plasticizer, Stabilizers and Master Batch etc. The Vegetable Wax is also applied to Fruits and Vegetables to prevent bruising and decay.

Products Applications

Petroleum Jelly

Used in Cosmetic and other Industrial Application

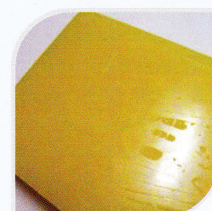

Palm Wax Flake & Granules

Used for Candle Making , Packing Material for Food, Cosmetics, Edible Polish & Car Polish and Aroma therapy.

Table Wax

Used in different applications such as Fabric Printing, Dye Printing and Screen Printing.

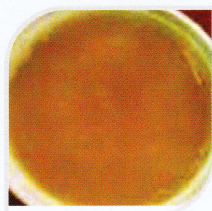

Hydrocarbon Wax

It is low cost excellent external lubricant for PVC Processing, PVC pipes manufacturing, Cosmetic Industries. The Hydrocarbon Wax is widely used as an Electrical Insulation Material. It is resistant to Moisture and Oxidation and gives a nice gloss to Lipsticks, Eye Shadows, Foundation etc.

Residue Wax

Used in Lubricating Industry, Match Industry, Grease Industry, Rubber Industry, Carbon Paper Industry etc.

Cable Jelly

Used Primarily in the Production of Cable with Copper Wiring and is widely used in the Copper Core and Fiber Optic Cable Industry.

Factory Premises

*Manufacturing unit
of
Petroleum Products*

Waxes

- Fully Refined Paraffin Wax
